Identification

Appendix to BE.18.00
E. W. Meyer, Jr.

The following ascii data segments are required in conjunction
with the merge_edit package:

                merge_edit.table_1
                merge_edit.table_2
                merge_edit.table_3
                merge_edit.table_5
                merge_edit.table_6
                merge_edit.table_7
                merge_edit.table_8
                merge_edit.table_10
                merge_edit.table_11
                merge_edit.table_12
                merge_edit.table_13
