Erratum

The structure pointed to by the argptr1 argument of the "listen" order call should be:

```
dcl 1 args,  
  2 process_id bit (36),      /*process to be signalled*/  
  2 dialin_event bit (70),   /*successful-dial-in event*/  
  2 pad bit (2),  
  2 error_event bit (70);    /*error event*/
```
